All Holland Village food establishments, public toilets SOK

All the 106 food establishments and public toilets in Holland Village have been certified Singapore's OK or SOK.

It comes a month and a half after Minister in the Prime Minister's Office, Lim Swee Say launched the Buona Vista's OK! Programme.

Mr Lim, who's also Advisor to the Buona Vista Grassroots Organisation said it couldn't have been achieved without teamwork and commitment.

He says the next target is to achieve SOK for all the 198 food establishments and their toilets in Buona Vista Constituency within three months.

To ensure that the premises continue to maintain a high standard of hygiene, audits on SOK premises are carried out fortnightly.

The National Environment Agency says almost 12,000 premises have been awarded the SOK status as at end June.
