

SHORT TAKES

CLEAN COUNTRY, DIRTY TOILETS?

John M Govier, Devon, UK

I refer to "Check out the toilets before you choose to have a meal" (Feb 8). A regular visitor, Singapore appears to me to be a very clean and attractive country. But there are some very dirty toilets which are not a nice sight for any visitor. If I find a dirty toilet in an eating place, I don't go back there again.
