

# Reschedule time for cleaning loos at Serangoon MRT station

---

I LIVE in Serangoon and am very happy with the recent opening of the Circle Line Serangoon MRT station on May 28.

Since it opened, I have visited the public toilet in the basement there several times and found it closed for cleaning, especially during the morning peak hour (7am to 8am). Commuters sometimes need to use the toilet but cannot do so as cleaning is in progress.

Can the authorities look into this and reschedule the cleaning time outside the peak hour? I suggest before 7am or after 10am.

John Yeo
