

NO SINKS AT BARBECUE SITE

WHEN I booked a barbecue pit at Maplewood Park in Lorong Ah Soo, next to Block 141, I had the impression that it would have a tap or sink for washing up, but that was not the case.

Subsequently, I called the Paya Lebar Zone 5 Residents' Committee (RC) and was told there were no toilet facilities available.

I was also disappointed that the RC at Block 143, which manages the toilet at the void deck of Block 140, declined our request to use the toilet there.
