Look into toilet cleanliness before it's too late

THANKS for your article on toilet cleanliness, "35,000 toilets but only 310 graded" (The New Paper, 20 May).

I hope because of your article, the authorities can look into poor hygiene in toilets in coffee shops.

They are dirty, smelly, with no soap, no toilet paper and sometimes even no toilet seat covers.

Why wait until the H1N1 flu hit before we act?

Also, The New Paper should write an article on the abuse of handicap lots.

I saw a driver parking at the handi-

cap lot near a hawker centre with no handicap person on board his car. This is an abuse of the handicap lots.

I am sure there are many more drivers who do the same.
