

More funding available for family-friendly businesses

FAMILY-friendly businesses will be eligible for more assistance grants from the Government next month.

The **Businesses for Families Grant**, previously known as the **Pro-Family Business Grant**, aims to spur businesses to cater to families.

The cap for the grants will increase from \$20,000 to \$50,000. The cap is raised to \$80,000 if the business has more than one outlet.

The money can be used to fund infrastructure changes, services or training, like menus for children or the elderly, kid-sized toilet facilities or training staff to better serve families, seniors and the handicapped, reported **The Straits Times**.
