

# Keep our parks clean for all

## **Letter from Kartini Omar**

*General Manager, Parks,  
National Parks Board*

WE thank Ms Lim Ai Lee for her letter “Punggol not quite the beauty” (Jan 25). We are sorry to learn of her unpleasant experience at Punggol Jetty Park.

Since its opening, the park has been popular with many people enjoying recreational activities, especially on weekends and public holidays.

The toilet was wet and filthy because

of extreme high usage over the long weekend and limited capacity of the sewer tank used. We have since increased the cleaning frequency of the toilets and will monitor usage closely. We apologise for this lapse.

Littering has been a concern at the park, including the lily ponds. We have stepped up cleansing and will place more dustbins nearer to activity cores.

We also wish to remind park users to dispose of litter properly and keep our parks clean for everyone to enjoy.
