

Gek Poh Shopping Centre won 'Happy Toilet' award!

Pleasant restrooms for an enhanced shopping experience

Shoppers can now go 'Wow' as they stepped into the newly renovated and award-winning restrooms at Gek Poh Shopping Centre. In fact, many shoppers felt that the toilets are comparable to those in 5-star hotels with its beautiful designs coupled with a great maintenance system. Indeed, the toilets have won the '5-Star Happy Toilet' award from the Restroom Association (Singapore) or RAS in short, in May this year.

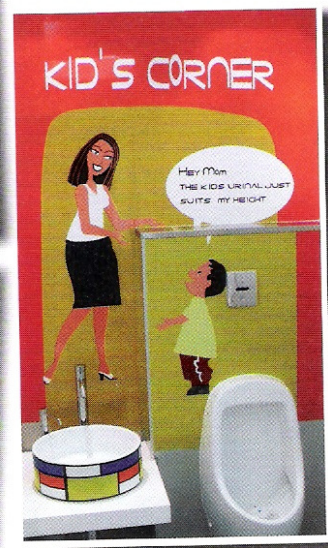

"The Restroom Association (Singapore) is pleased to have awarded the management of Gek Poh Shopping Centre the 5-stars Happy Toilet award. This is a reflection on the commitment to excellence in Design, Cleanliness and Maintenance on the provision of public toilet facilities for a shopping centre"- Ms. Tan Puay Hoon, President of Restroom Association (Singapore)

A star-grading initiative by the RAS, the 'happy toilet award' programme serves to raise the standards of public toilets in Singapore and encourage companies and landlords to consistently look after the needs of their users. Five-star is the highest grading given out by RAS for the very well designed and maintained toilets

Furthermore, Gek Poh Shopping Centre is the first HDB mall to receive the 'Happy Toilet' award, much to the delight of the HDB's management who aims to further serve their shoppers with a similar touch of gold. RAS has also worked closely with designers, United Premas, to come up with a no-touch approach such as sensors flush and family friendly amenities such as baby care and diaper changing rooms.

Thus, shoppers at Gek Poh Shopping Centre can now relieve themselves with a sigh of relief knowing that the public toilets are spick, span and welcomingly beautiful for their usage.
